## \$250,000 Renovation Planned For Symmes

The Symmes Hospital building committee signed a contract with George T. Rooney and Company for an extensive \$250,000 renovation program.

Old areas which will be converted into new include laboratories, pharmacy dept., medical record dept., blood bank, administration offices, physical therapy, nursing dept., accounting dept., doctor's lounge, male locker room, female locker room, intensive care unit, and an additional lobby elevator.

Also, a new area will be constructed for the cashier's office adjacent to the main lobby and entrance. Many of the patient service areas were designed to facilitate the ad-

mission, treatment, and discharge of patients.

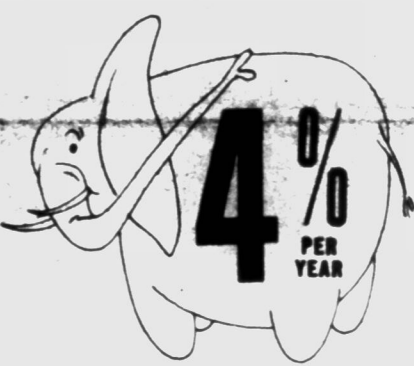

This program will be the final stage of construction started in 1963, with the building campaign drive for the Nickerson wing. Plans were developed, along with this construction project, to renovate the old areas once the new building was completed and operating.

## Helps Tax Rate - - -

## School Budget Cut By \$80,000

A cut of \$80,000 from the "all-time high" \$5,217,000 recommended budget for the school department, has been announced by Dr. Bert A. Roens, superintendent of schools this week, following a meeting of the School committee and the sub-committee of the Finance committee.

Also announced by Dr. Roens, is the intention of the School committee to turn over to the Town, some \$59,169 in Federal funds.

The combined action is expected to reflect in the tax rate by some \$1.50. This will bring the estimated increase down to \$4.50 instead of the \$6 as previously announced. The reduction still leaves

the recommended school budget for this year at \$5,137,299. Last year's budget was approved at Town Meeting for \$4,644,906.02.

The largest cut in the new budget was accomplished by the decision to limit painting of school buildings to two per year. Originally, the request included six schools including Arlington High, \$2700; Bishop for \$10,000; Dallin for \$7500; Thompson for \$9600; Cutter for \$3500 and Hardy for \$4250.

The only two recommended for this year on the revised plan will be Cutter and Hardy.

A cut of \$10,000 was made by omitting the request for instructional equipment at

the High school and others; plus a cut of \$6000 which had been requested for audio-visual equipment.

Also eliminated from the recommended budget will be the \$6500 remodeling request for boys' showers at the High school; \$11,600 for hot-topping at Junior High West; and a request for \$15,000 for remodeling in the High School cafeteria, including a new floor in one section.

Attending the joint committee meeting were members of the School committee; Dr. Roens, Dr. Anderson, and George Rugg, chairman of the sub-committee of the Finance committee, with Charles Blackman and Ronald Higby.

## Demand Better Bus Service

Residents of the Arlmont Village section of Arlington gave evidence of their strong feelings regarding the need for additional bus service as over 75 persons appeared before the Board of Selectmen to hear John Fennell of the MBTA.

Chairman of the Board, Joseph Greeley invited each

one present to voice an opinion in turn, explaining that the MBTA representative was at the meeting as the result of a request by Selectman Kevin Feeley for additional service to the Arlmont Village area.

Mr. Fennell started the discussion by asking "What do the people want?" The response indicated that the need was for service on nights, Saturdays, Sundays and holidays.

## 200 Bed Disaster Hospital Arrives For Arlington Use

Town Manager Edward C. Monahan today announced the arrival of the first shipment of a 200 Bed Packaged Disaster Hospital for the Town of Arlington. This emergency hospital will be stored in the Public Works Department Yard through the cooperation of the Town Manager Edward C. Monahan, and Mr. Frank O'Hara, Superintendent of Public Works.

These "Packaged Disaster Hospitals" are made available under the Federal pre-positioning of emergency medical resources program and represents all the component parts of a complete hospital. Although worth \$125,000, it is stored at no cost to the community except transportation of the first shipment.

Acquisition of the emergency hospital for Arlington was the direct result of the coordinated efforts of Civil Defense Director John P. Dempsey; Town Manager Edward C. Monahan; Superintendent of Public Works Frank O'Hara; and Staff Members of Area 1-MCDA, John L. Lovering, Director, and Mr. Bernard W. Judge, Sector 1-C Director.

Dr. Bert A. Roens, Superintendent of Schools, has agreed to allow the use of the new Freshman addition of the High School for use as a hospital if the need arises.

The new facility is a medi-

cal resource to the community. It provides care for 200 patients for 30 days including everything from X-ray and Operating Room equipment to medicines, blood, medical supplies, etc.; in other words, all components of a regular hospital.

If the community were to purchase this, it would cost in excess of \$125,000.

Existing community hospitals who are members of the Massachusetts Hospital Association will assume operational responsibility. Custodial responsibility will remain with Civil Defense.

Space required when fully set up is 15,000 sq. ft.; to be stored is 1,165 sq. ft.; with refrigerated space for stored medical supplies of 33 cu. ft. There are 600 cartons involved.

Although this is a resource to the community initially, in an emergency it can be transported to any site which would require priority. It is essentially a mobile 200 Bed Hospital.

There are 100 of these hospitals located throughout Massachusetts from Cape Cod to the Berkshires. In the immediate area, there are 200 Bed Packaged Disaster Hospitals located in Concord, Bedford, Cambridge, Groton, Lowell, Tewksbury, as well as three hospitals stored in the Subway System of the Massachusetts Bay Transportation Authority.

## A Symbol Of Our Country

Arlington's Uncle Sam Wilson, the nation's "Uncle Sam", has been the symbol under which our country's people have fought and died. He has constantly been present to remind the citizenry of the freedom they enjoy, and of the responsibility they have to retain it.

Although this embodiment of our tradition is approaching his 200th birthday, the ideal he represents — a combination of honesty, independence and justice — remains ageless.

The Congress of the United States has given official recognition to the man behind the symbol as the Sam Wilson who was born here in Arlington, then Menotomy.

We here in Town are now approaching the point where a dream of many will be realized and Uncle Sam will be given a tribute long overdue. The plan of the Arlington Historical Committee to erect a statue of heroic size is nearing reality.

To start the project on the way, friends of the late Ernest R. Moore have

formed a fund to be named for Mr. Moore who long served on the Historical Committee and fostered much interest in our local heritage.

Another group, well aware of the tradition of Arlington and the sometimes overlooked role local citizens played in the early days when the future of our country was threatened and the liberty of our people at stake, is the membership of the Children of the American Revolution. They have also joined the early supporters of the Uncle Sam statue and have made a contribution that the Town may have a fitting symbol of her native son.

To those who have and are working for this project, we offer congratulations and best wishes. Uncle Sam was then and is now, a symbol of the courage of our citizens, their devotion to their freedom and liberty. He was a figure of the image which signals America's freedom to the rest of the world. And, he will long remain — a symbol of our country.

# GOLLINS CORNER

We are now in a new year and all the prognosticators, and experts are running to print, telling one and all what is going to happen in the year 1966. The business outlook is given a fine analysis, the economic trends, and the long range forecast on the stock market; but, all these are just bits of conjecture, and could be knocked into a cocked hat almost over night.

But, to the ladies of the home, a real honest to goodness news item comes forth that is absolutely gospel truth. While it may not tickle the cockles of their palpitating hearts, it is the tremendous announcement that in this, the year of our Lord 1966, more T.V. Football programs will appear than ever, even into the evening, when the games will be played under the lights. Many of your favorite stars will most likely be silenced, so as to allow the All-Americans (and there must be a million of them) to run up and down your screen.

The men's pants manufacturers have re-tooled their sewing machines, because men's waists have grown since the advent of the monster known as T.V. There is an unorganized society that is nation-wide, known as the Nips, Nibblers, and Nap A.C., and it is slowly creeping into millions of households during the football season. And, unless the ladies watch out, they may be known as the Woman's Auxiliary. And, the size 12 gown may go up a few numbers.

Now, this game of Football is an old game, and is very entertaining and thrilling. But, you ladies that see 'himself' sitting in the big chair on Sunday afternoons, just remember that for the four-15 minute periods played, the players are in contact with each other about 10 minutes. In fact, in High School games, where a lot of parents are afraid junior will get hurt, the contact period is about 7 or 8 minutes, as they play shorter games. A great pro player getting say about 20 or 30 grand a year actually meets his opponent about 10 minutes a week, and methinks that is pretty good pay for a 250 pounder in wonderful shape. If you break that down to a week's work, it is really much more gracious living than say, pushing through the subway traffic each morn and night.

It's a great sport, but when the dough is in the till, sport goes out the window, and rain, snow, drizzle or cold will never cause them to postpone a game. And, we read about the big playoffs in all sports at the end of the season. Actually, they are all in poorer shape, and give a shabbier performance than they did in mid season.

Take five of our major sports, basketball, football, hockey, tennis and baseball, and baseball is the only one that does not have an intermission. Oh, of course in hockey the ice must be scraped twice. In the other games, the players are 'pooped' and must have a rest. An item that never should be mentioned, the dear concessions must be given some time to fill up the hungry and thirsty patrons. In fact, in some stadiums, if it wasn't for the 'lunch' counters the place would starve.

So, 'ladies of the household' hold on to your hats, because you're going to have a wonderful year of long incomplete forward passes, offside, illegal holdings, and grabbing of the face masks.

T.V. is wonderful, and a man of the house once issued strict orders that he wasn't to be interrupted while listening to the World Series Baseball games. The phone rang one day, and the wife informed the caller that 'himself' could not be disturbed, as he was listening to the game. 'What is the score', said the caller? She answered, 'It is the last of the 7th and the score is tied, and he and the bases are loaded.'

Happy 1966 to all you nice ladies.

Presidents of the Arlington Council of P.T.A's.

Both he and his wife Lorna serve the youth of Arlington, she as a Blue Bird Leader and he as a Committeeman of Cub Scout Pack 394 and formerly as an Institutional Representative of Boy Scout Troop 310.

Mr. Leone is also a Member of the Arlington Community Action Council, The Arlington Knights of Columbus, The Arlington Sons of Italy, Friends of Fidelity House of Saint Agnes Church, and also served as chairman of United Fund and Cancer Drives.

Commenting on the major problems facing Arlington today, Attorney Leone state "Like most Arlington home owners and Tax Payers I am concerned with our rapidly increasing tax rate and the need to initiate action which will return to Arlington more of the tax dollar which is paid out. Specifically, I feel that we should try to have our State Government the M.D.C. and the MBTA invest more of their funds in much needed Arlington projects. As the campaign for Selectman develops I will spell out my platform in detail."

Attorney Leone lives at 11 Foster street with his wife and their four children, David Jr. 11, Robert 9, Adrienne 8, and John 7. All the children attend the Crosby School. He and Mrs. Leone served as P.T.A. Presidents for two terms.

Dr. Baker —

(Continued from Page 1)

to release the following statement:

For ten years the residents of Arlington have permitted me the privilege of serving them as a member of the School committee. During my term of office, I have made every effort to discharge the responsibilities of this position, ever bearing in mind the purpose for which the School committee was created.

I am indeed very grateful for what has been a tremendous experience and the compensation that is indeed mine of seeing the progress achieved by this Town in its great effort to provide children the kind of education they are receiving today.

March 1, marks the conclusion of my present three year term, for personal reasons, I shall not be a candidate for the re-election to the office of School committee.

In announcing my retirement from service on the Committee, I am very mindful of the support given me by so many each time I sought office, the honor that became mine with each election and the expression of confidence indicated when the ballots were counted.

May this fine Town of ours always receive the recognition it merits for the excellence of its educational program.

Yours very truly,  
Richard W. Baker

The New Year opened with a bang — politically it did. Dr. "Dick" Baker, after ten years of excellent service as a member of the School Committee decided not to run again. So, what a month ago, looked like a "cut and dried" election with three incumbents Dr. Mary Carter, Arthur Coughlin and Baker seeking re-election, may now become a scramble.

For the second year in a row, Menotomy will have a new member of the School Committee.

Dr. Bob Burke has already announced his candidacy; Dr. Carter is seeking re-election, and Tom Kenna has thrown his hat into the ring.

teaching experience in grades one through eight, having taught in Vermont, North Reading, Arlington, and Brookline. She has also conducted undergraduate and graduate courses at Boston University and the University of Maine.

She is presently an associate professor in education at Framingham State College where she is training prospective teachers in elementary mathematics and also is supervising student teachers. This year she has been appointed head of the Elementary department.

In addition to her regular work at the college, Dr. Carter has done in-service training of teachers in Wellesley, Framingham, Lynn and Somerville. She does much work in parent education and gave the first course in the SMSG math to Arlington parents.

Among the organizations with which she is affiliated are the American Ass'n of University Professors, the National Education Ass'n, Mass. Teachers Ass'n, Alpha

Gamma Chapter of Pi Lambda Theta (Honor Society for Women in Education), Association of Mathematics Teachers of New England, the National Council of Teachers of Mathematics, Massachusetts Ass'n of School Committees, Boston University Alumni Ass'n, Salem State College Alumni Ass'n, League of Women Voters, and the Arlington Catholic Women's club.

Dr. Carter, who states that the rising cost of education has accounted for a substantial part of the increase in Arlington's tax rate, emphasizes the importance of electing people of knowledge and experience to the School committee to insure that each dollar in the school budget is wisely allocated and spent.

### WSCS

The Women's Society of Christian Service of the Arlington Heights Methodist church will meet on Wednesday, Jan. 12, at 8 p.m., in Broeg hall.

Miss Nellie Mansfield is in charge of the program and will present a film showing the work of the Maine Sea Coast Missionary society.

### MBTA —

(Continued from Page 1)

Greeley reminded the group as comments were offered, that the intention of the hearing was not to tell the MBTA how to run the bus company but to ask for better service. He then asked Fennell to describe the scheduling from Harvard sq. to Arlington Village.

According to the MBTA representative, the 5:08 bus usually carries about 54 passengers; the 5:30 bus, about 37; and the 6:08 bus, about 41. He noted that on the 5:08 and the 6:08, there are empty seats. He called this adequate service, considering that a bus company cannot operate on a profit with just "seated freight."

It was brought out that the service today was established several years ago when Arlington Village was not as heavily populated and the service should be more commensurate with the present conditions.

The suggestion was made that instead of adding more buses, at considerable expense, that the MBTA extend the run of the existing trips, to loop around the Arlington Village, past the Park Circle stop.

Fennell stated that such a "Loop service" would inconvenience the people at Park Circle.

Comments were then made that those present paid taxes and were entitled to service.

The tone of the meeting changed with the statement of one resident, "We are not asking for service, we are demanding it."

Chairman Greeley again interrupted, directing his remarks to Fennell and asking if he agreed that area had grown. He replied that the service didn't show it.

Summing up, Greeley asked if Fennell would ask the MBTA for a trial of increased service and he stated that he would recommend to the company that a trial be considered.

Selectman John Billafer asked if the trial would include Saturdays and evenings.

Fennell replied that it would and added that if the trial is agreeable to the MBTA and is instituted, lack of patronage would mean discontinuance.

Asked when the extended service would commence Fennell stated that new schedules are printed in March and it

**E. LILLIAN EVANS**  
Funeral services for Miss E. Lillian Evans, conducted by Dr. Stuart A. Haskins, pastor of the Pleasant Street church, were held on Jan. 4, at Saville chapel.

Miss Evans died suddenly on Jan. 1, stricken with a heart attack in her apartment at 100 Pleasant st. She was born in Boston, the daughter of the late Harrison and Emma H. Evans. She attended the Boston schools, graduating from Boston Girls' Latin, after which she accepted a position with the M. T. Bird and Company, Stationers in Boston.

The family established a home on Lakeview in Arlington in 1920, becoming active in Town affairs. Miss Evans, with Mrs. Foster, established the Shoppe Unique on Mass. ave., which she managed until the business was purchased by Mrs. Catherine Callahan, when Miss Evans became manager of the Treasure Chest, owned by Mrs. Arthur Mansfield, now Touraine.

Her avocation was a concert soprano soloist, as well as church singer. She was soloist for 13 years at Crawford Memorial church, Winchester, followed by 7 years at the Baptist church, Winchester. Her last singing position was at the local First Baptist church.

Miss Evans was a member of the Florence Crittenton League; Women's Republican club; Longfellow Chapter, Order of Eastern Star, a former Zontian, former member of the local Woman's Club, the Forthian club of Somerville, and the Professional Woman's club of Boston.

She leaves a brother, Earle F. Evans, of Belmont; and a nephew James H. Evans, of Arlington.

Interment was in Mt. Hope cemetery, Roxbury.

The first artificial snow was produced in 1946 by Vincent J. Schaefer of Schenectady, N.Y., according to World Book Encyclopedia.

was likely that the trial would start then.

Greeley then requested that Fennell convey to the MBTA that it was the feeling of the Selectmen that the trial is definitely needed and "as soon as possible". He commented that this was one of the best attended hearings to date and the Board was confident that "something good would come of it."

"An Evening with the Royal Ballet", starring the electrifying Dame Margot Fonteyn and Rudolph Nureyev, will be presented at the Regent Theatre in Arlington Center. This color feature film will be shown two days, Wednesday and Thursday, Jan. 19 and 20. Evening and matinee performances have been

scheduled for each day at 2:30 p.m. and 8 p.m. The performances were filmed in color at the Royal Opera House in Covent Garden, London. Featured will be four ballet highlights, "La Valse", Les Sylphides, Le Corsaire, and "Aurora's Wedding", from "The Sleeping Beauty".

### Civil Rights Meeting

Louis W. Roberts, president of Elcon Laboratory, Inc. Peabody, Mass., will be guest speaker at the Arlington Civil Rights committee's on Monday, Jan. 10 at 8 p.m.

One of Fisk University's most distinguished alumni, Roberts will address the Committee and guests on "Employment Opportunities for the Negro in Science and Industry." The meeting will take place at Parish Hall, St. John's Episcopal church, 74 Pleasant st.

"With a deep commitment to the furtherance of equal opportunity employment on the professional level, our Committee has sent special

invitation letters to this meeting, to guidance counselors and high school youth of Medford, Cambridge, and the general metropolitan Boston area. We have also invited staff members from a number of leading research and development firms in the area," stated Mrs. Earl T. Bolton, chairman of the Arlington Civil Rights committee.

She added, "It is hoped that this meeting will result in a fruitful exchange of concrete information helpful to high schoolers now contemplating careers in science and its related industries."

Roberts is a Fellow of the Institute of Electrical and Electronic Engineers, a member of the American Physical society, the American Mathematical society and the American Academy of Political and Social Science.

A short annual business meeting for election of officers and hearing of reports will precede the program.

### GARDEN CLUB

The Garden club will meet in Junior Library hall at 1:30 p.m. on Wednesday, Jan. 12 for a business meeting and a program of films.

In addition to candid camera shots of Garden club members in action, there will be slides of the Keukenhof gardens in Lisse, Holland, taken by Ehrich Schreier.

## Garden Club Plans Junior Group

The formation of a Junior Garden club in Arlington became a reality this week for girls and boys, 7-10 years old. Meeting for two hours under the direction of Mrs. George Krain at her home, 48 Forest st., at 2 p.m. on Saturday.

## WANTED

Donations of used TV sets (in good working condition) for poor Puerto Rican families in Boston — also children's clothing.

Call PA 9-1044

Jan. 8, the junior gardeners will embark on a program of workshops in conservation, civic beautification, anti-litterbug, wild flower study, and horticulture.

At the first meeting, the children will learn how to make a winter-feeder for birds, using a discarded Christmas tree.

Sponsored by the local Garden club and the Garden Club Federation of Massachusetts, the Junior Garden club invites all Arlington children from 7 to 10 to participate. Parents may make arrangements for their children's attendance at the first meeting by calling Mrs. Krain.

## Engaged

Monsieur et Madame Raimonde Rouel of Paris and Orceval, France, announce the engagement of their daughter Nicole Michelle, to David Francis Forte, son of Mr. and Mrs. John A. Forte, of Arlington.

Nicole graduated from La Sorbonne in Paris and attended the University of Manchester, England.

Her fiancé graduated cum laude from Harvard University and received his M.A. from the University of Manchester, England. At present, he is attending Massey College in The University of Toronto, Canada studying for his doctorate.

The wedding will take place at the summer home of Monsieur et Madame Rouel, next June.

One of the most interesting and enlightening sporting events of the winter season is earmarked for Junior High West gymnasium at 8 p.m. on Saturday, Jan. 15, when the New England Clippers, a basketball team of paralyzed war veterans, shown above encounters the Tom Dooley Youth League of Arlington, in a wheelchair basketball exhibition.

Proceeds from the exhibition will be used by the Tom Dooley league in carrying out its current project; financing the construction of a hospital wing at Khong Island, Laos. This involves an impressive \$5,000.00 commitment. Medical facilities in this area where Tom Dooley devoted his life, are sorely needed. With the support of the community at the game, the teenagers can achieve their goal.

## Dance Planned

The committee planning the March of Dimes dance states that tickets have been on sale after school all week in the school cafeteria, for the dance that will either "make or break" any future dances in Arlington.

"Both outstanding attendance and good conduct are what counts," a spokesman emphasized. Music of the "Peppermint Sticks," plus the crowning of the March of Dimes queen, are highlights, plus Ken Boyda, as special guest. Door prizes, will be drawn.

# Christmas Concert Presented by all Brackett Students

A Christmas Concert presented by all the boys and girls in grades 1-6 at the Brackett school was most enthusiastically received by a capacity audience of parents on Friday, Dec. 17.

It is a tradition at the Brackett school that all children in all grades be included in the annual program. The format of the program differs from year to year; but it is always coordinated to be presented with a maximum degree of effectiveness and a minimum amount of rehearsal time.

The 1965 Christmas Concert included the following songs and carols, announced by Alton Zink, grade one: 'Christmas Lullaby'; 'Away in a Manger'; 'Up On the House Top'; 'It's a Small

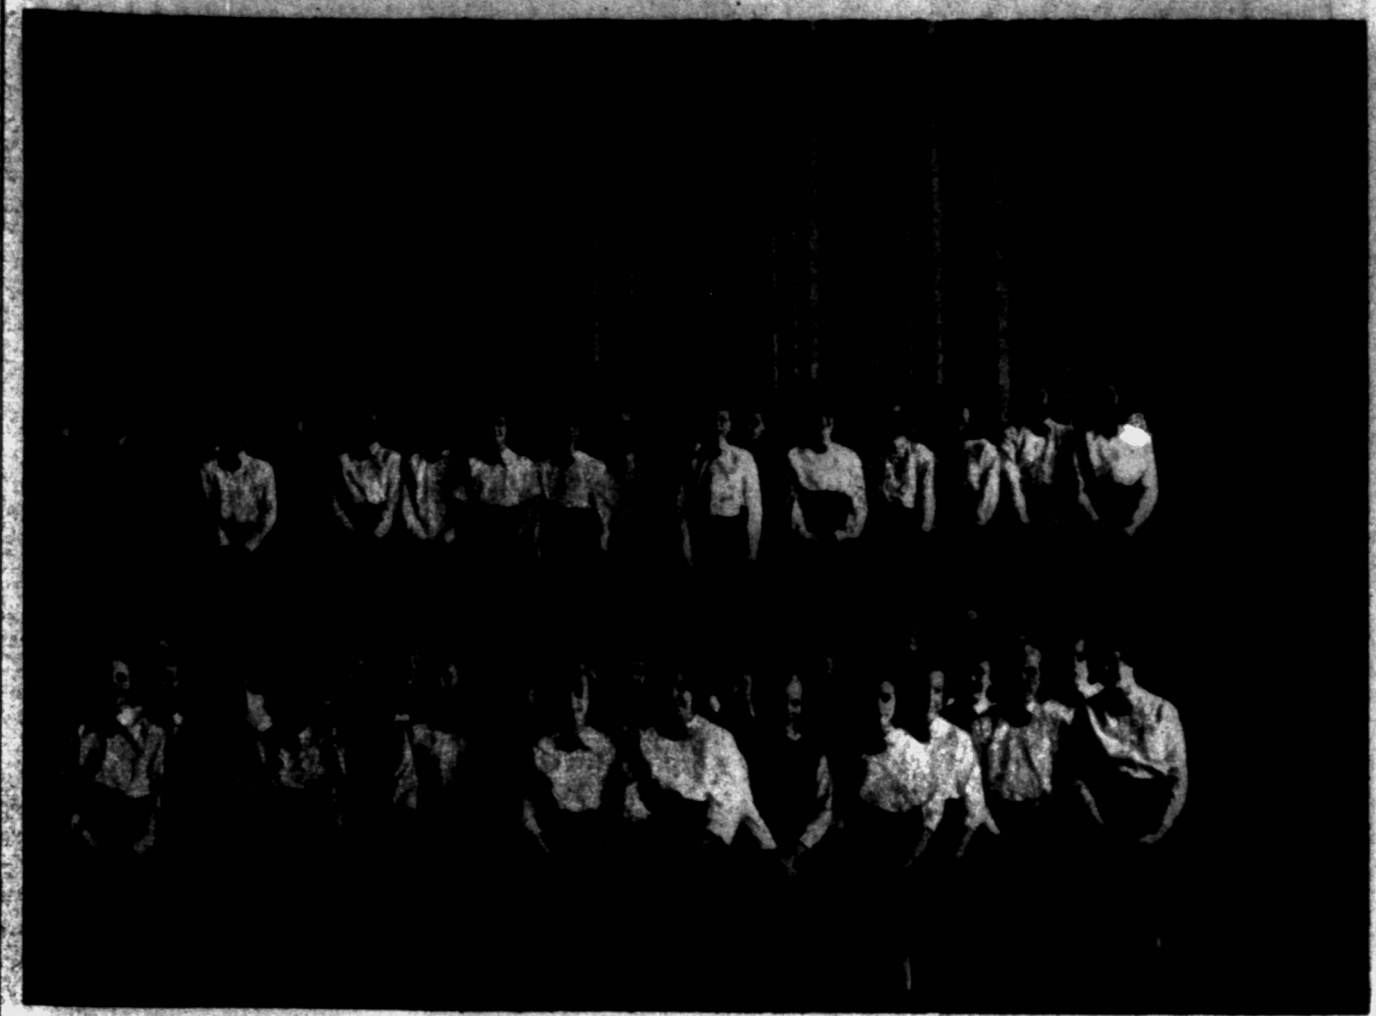

World' and 'We Wish You A Merry Christmas'.

Grade two, rhythm band: 'The Secret', by Gaultier; Grade 2/3 and 3, Song Flutes: 'Jingle Bells', 'Good King Wenceslas', 'Joy to the World', 'Seven Joys of Christmas', and 'Jolly Old St. Nicholas'.

Grade four: 'O Come All Ye Faithful', 'Rejoice', and 'We Three Kings'.

Grade five: 'Good Christian Men Rejoice', French carols: 'Jeanette', 'Isabella', 'Il Est Ne'; and 'Deck the Hall'.

Grade six: 'Christmas Awake', 'Joy to the World', 'O Holy Night', 'Carol of the Shepherds', and 'Wassail Son'. Also, violin solos by Mark Mayerson 'God Rest Ye Merry Gentlemen' and 'The First Noel'.

FRENCH CAROLLERS of Grade 5, above, performed in the Brackett school's Christmas Concert.

### NET INCOME

New England Electric System's consolidated net income for 1965 is expected to be about \$1.60 per share, Chairman William Webster reports. In 1964 earnings of \$1.50 were recorded.

Webster said estimates of continuing growth in the next four years—from 1966 through 1969—call for the expenditure of \$225 million on new generating equipment, transmission, distribution and other facilities.

He said New England Electric in 1965 reduced electric rates by more than \$1,500,000 annually and had further plans for lowering the price of electricity to customers in 1966.

"Several of the reductions scheduled for 1966 became effective the first day of January to industrial customers and to the rapidly increasing number of residential customers in Massachusetts, Rhode Island and New Hampshire who use electric heating in their dwellings," Webster concluded.

### Local Young People Spread Christmas Cheer

Twenty members of the Christian Youth Club of Saint James provided some Christmas cheer to ten little girls from Roxbury, recently. They held a Christmas party with Mr. Vossmer as Santa Claus.

Entertainment was provided by the "Origo Girls" and the Arlington High "Harmonettes".

Mother Goguen is the head of this club. Katherine Donahue is president and Susan Scott is vice-pres.

The young people, age 16-17, ran a "Hootenany" to raise the money for the party for the less fortunate. Donations were also received from local merchants.

### Cutter Students Present Christmas Songfest

There was a Christmas Carol and Songfest held in the Auditorium of Cutter School on Friday, Dec. 17. Because of the numbers of children involved, activities were held in separate sessions for the primary and intermediate grades.

The children in each grade sang the carols and songs as rehearsed with teachers and music supervisors since Thanksgiving. The children were accompanied and directed by their vocal music supervisors, Mrs. Barbara Ryan and Miss Dolores Baldyga, who also favored the audience by singing three songs, including a duet of a Christmas number made popular by Harry Belafonte, Miss Baldyga sang, in Polish, "A Christmas Lullaby to Mary and the Christ Child", and Mrs. Ryan sang a folk music carol. Mrs. Ryan played the guitar accompaniment for these numbers.

### Named Treasurer of March of Dimes

Gerard Bartholomew, Arlington National Bank, has been appointed to be the 1966 March of Dimes treasurer for Arlington, according to announcement today by Ralph L. Lavalle, Arlington chairman for 1966 March of Dimes. "Bartholomew's experience over the past number of years in the March of Dimes campaign combined with his financial knowledge will truly make this an outstanding March of Dimes Campaign," Lavalle said.

"I am proud to serve the March of Dimes," Bartholomew said, "and proud to be part of an organization that found the answer to polio, and even prouder to be a part of the March of Dimes' fight against birth defects that will kill or cripple over 8,000 innocents in this state this year."

**MENOTOMY ROYAL ARCH**  
Menotomy Royal Arch Chapter of Arlington will provide a program of unusual interest to all Masons in this area when a Special Convocation will be held at the Lexington Masonic Temple Jan. 11.

Charles E. Kierstead, High Priest of Menotomy Royal Arch Chapter extends an invitation to all Masons residing in Lexington and vicinity to attend this meeting which reinstates a historic custom in the Lexington Masonic Temple.

Prior to 25 years ago, it was the custom to hold this meeting in Lexington annually. It is fitting that it be resumed in the year of 1966, when Menotomy Royal Arch Chapter will be celebrating its 100th Anniversary.

It is hoped that all local Masons will avail themselves of this evening of good fellowship. A catered dinner will be served at 6:30 p.m.

Immediately following dinner, Archie M. Simons, Grand High Priest of the Grand Royal Arch Chapter of Massachusetts will give a brief address to guests and members.

An exemplification of the Mark Master Mason Degree will be presented for those members of the Royal Arch Chapter present.

Other Masons will be entertained by a showing of Aleppo Temple Shrine's film, "Temples of Mercy."

### PLEASANT ST. CHURCH

Morning Worship will be held at Pleasant St. Congregational church on Sunday, Jan. 9, at 10:30 a.m. in the sanctuary. The church will take part in the Pulpit Exchange of Protestant Ministers. The Rev. Gerald Van Fleet will conduct the service and preach. Child care will be provided during the service. The Adult choir with Barbara Jones, soprano and William Sullivan, tenor, will sing under the direction of Benoit Goulet, organist and choir director.

Early Divine Service will be held in Edith Fox Chapel at 9:30 a.m. Rev. Gerald Van Fleet of the Church of Our Saviour will conduct the service and preach. Dawn Kelly will be at the organ.

Church School will be held with classes for children and young people of all grades from pre-school through Grade 8 at 10:30 a.m. Children will sit with their parents or teachers in the sanctuary, leaving the early part of the service to go to their class rooms.

The High School youth will meet in the Edith Fox Chapel at 10:30 a.m. A panel of students will present the youth study theme "These Rebellious Powers". In the evening, the Fellowship commission will lead a discussion on the same subject.

Confirmation class at 6 p.m., Sunday night; Red Cross community sewing will be held Wednesday, 10 a.m. to 3 p.m., in Fellowship hall; and The study course on "Great Living Religions" will be held Wednesday at 8 p.m. at the Manse, with Dr. Haskins leading the discussion on "Islam Compared with Christianity."

PICTURED ARE GIFTS which were bought by Unit 39 of the American Legion auxiliary and donated to the Bedford Veterans hospital so that the men and women could choose gifts for their loved ones at home. This is only one of many projects of the auxiliary. Chairmen of this project were Ellena Kelly and Theresa Morash.

### St. Camillus H.N.

Thomas Dowd, Travelling Secretary of the Boston Red Sox, whose topic will be "Sports", will be the speaker at the monthly Communion breakfast of the St. Camillus Holy Name Society after the 8 a.m. mass on Jan. 9, 1966.

### New Print Added to Robbins Library

A Picasso print has entered the Robbins Print Collection over the Christmas holiday. The most important purchase of 1965, this representation of a bull in a meadow will be hanging in the art gallery of the Robbins main library through the month of January.

It was conceived as one of a set of thirty-one illustrations that Picasso did for the Volland edition of Buffon's "Natural History", published in 1942, and reveals the artist in a mood of exuberant naturalism. Landscape, plants and the shape and substance of the animal himself are fully recognizable — even his temper. Picasso has handled his medium, a combination of etching and aquatint, with characteristic virtuosity, and his achievement is striking in this particular proof. The Robbins print was pulled very early and appeared separately, before the bound copies of the book itself. It is therefore one of the brightest proofs in existence of Picasso's "Le Taureau", which appears in the Volland Buffon as "Le Boeuf."
